Short, playful activities to enjoy together ✨

Filoumi · filoumi.com

1

Titou is sorting his fir trees. Circle the picture that is not a fir tree.

2

Match each picture on the left to the same picture on the right.

3

Trace Titou's paths from left to right.

1

Circle the groups of 3 snowflakes.

2

Titou wants some honey. Circle the side with lots of jars.

3

Circle all the circles.

1

Titou is calling his mountain friends. Circle the picture that is not an animal.

2

Draw a line from Titou to his chalet.

3

Colour the boxes with a snowflake.

Look and talk

1) The odd one out is the strawberry 🍓 , in third place: it is not a fir tree. 2) Draw three lines: the tree 🎄 on the left (top row) joins the tree on the right (bottom row); the snowflake ❄️ on the left (middle row) joins the snowflake on the right (top row); the bear 🐻 on the left (bottom row) joins the bear on the right (middle row). 3) Encourage your child to trace all three lines from left to right, staying on the path.

Maths

1) Circle two groups: the top-right and bottom-left groups, each with 3 snowflakes. The top-left group has 2 and the bottom-right group has 1. 2) The right side has more honey jars: 5, compared with 1 on the left. 3) Circle the three circles: first, third and fifth. The second and fourth shapes are squares.

Time to play

1) The odd one out is the car 🚗 , in third place: it is not an animal. 2) Any line that starts at Titou 🐻 and reaches the chalet 🏡 is fine. 3) Colour the first and third boxes, which contain snowflakes ❄️ . Leave the second and fourth boxes, which contain fir trees 🎄 , white.

Well done! You have finished!

Did your child enjoy this mountain activity book? On filoumi.com, you can find a free activity book for every stage, from preschool to CM2. Each one has its own mascot and world.

These free downloads need no account, email address or payment card.
